

Emergency Medical Technician – Basic Program 2020 Booklist

REQUIRED BY DAY 1 OF CLASS:

- 1) Jones and Bartlett – Emergency Care and Transportation of the Sick and Injured (Premier package) 11th edition. AAOS; ISBN: 9781284110524
 - o Retail Price: \$300 - \$400 USD. YOU **MUST BUY THE PREMIER PACKAGE** THROUGH THE LINK BELOW, as this is the only way to guarantee that you will have all of the resources required for the course. The textbook should only be purchased using the following link, with an associated discount code: <http://www.jblearning.com/cart/Default.aspx?bc=11052-4&ref=psg&coupon=NYMH18>
 - o Proof of purchase for the textbook must be submitted by the first day of class to Andrew Miller. Please e-mail a receipt to amiller@cahe.edu. Failure to purchase the textbook in a timely manner will result in having your enrollment rescinded.

- 2) AHA® Heartcode Class Requirement (Please complete at your earliest availability):
 - *Go to <https://elearning.heart.org/courses> and purchase HEARTCODE BLS. The AHA charges a \$28.50 fee for the online class which is paid directly to American Heart Association.
 - Upon successful completion of your online course, send a copy of your completed Heartcode® certificate to fancona@cahe.edu. Please put your name and cohort (20-10) in the subject line.
 - **Part II of the BLS training (skills session) will be scheduled physically in the building and only students who have completed the online portion are able to participate.

*HeartCode BLS uses the latest eSimulation technology to enable students to assess and treat patients in virtual healthcare settings. Utilizing a variety of eLearning assets such as dramatizations, eSimulations, animations, self-directed learning, and interactive activities, this course teaches BLS knowledge and skills. This method of learning provides training consistency, adaptability to different learning styles, and flexibility for the student and employer's time. Students can work at their own pace applying their knowledge to real-time decision-making and skills development. Blended training also supports the need for hands-on learning of psychomotor skills. Debriefings and coaching are provided immediately after each simulation.

** Your skills Session will prepare and then test your competency in:

- Adult/Child/Infant Basic Airway Maneuvers
- Adult/Child/Infant CPR and AED

- 3) Trajecs.com – UP TO \$75 (only for students completing 256 hours of rotations)
 - o This should ONLY be purchased for students completing 256 hours of rotations. Students completing 10 hours of rotations do not need to purchase.

RECOMMENDED BOOKS:

- 4) Basic Life Support (BLS) Provider Manual – AHA Product # 15-1010. ISBN: 978-1-61669-407-4 (<https://shopcpr.heart.org/bls-provider-manual>). \$14.50
- 5) Anatomy & Physiology for the Prehospital Provider - AAOS; ISBN 1449642306. \$47.22
