ABOUT US
Diagnostic Medical Sonography (ultrasound) is a medical technology using highly sophisticated, computer driven imaging devices to produce dynamic multi-dimensional visual images of organs, tissue and blood flow. As a radiation-free medical imaging modality, it provides important clinical information for the diagnosis and treatment of patients.

Since CAHE opened its doors in 2007, the Diagnostic Medical Sonography Program has been one of the largest and most sought-after programs at the Center. This 74-week program offers students a full and varied curriculum, integrating didactic instruction and hands-on clinical experience beginning in the first year of the Program. Upon successful completion of the Program, graduates are qualified to apply to sit for the registry in Abdomen and OB/GYN specialties offered by the American Registry of Diagnostic Medical Sonography (ARDMS).

FAST FACTS
- ACCREDITED BY CAAHEP/JRC-DMS
- EXPOSURE TO FOUR DIFFERENT SPECIALTIES
- HANDS-ON CLINICAL ROTATIONS ACROSS THE NY METROPOLITAN AREA BEGINNING IN 3RD QUARTER
- FINANCIAL AID AVAILABLE FOR THOSE WHO QUALIFY

APPLICATION PROCESS
Step 1: Apply online at www.cahe.edu/apply
Step 2: Entrance Exam, unless exempt (see www.cahe.edu/faq#admissions for requirements)
Step 3: Interview with members of the Admissions Committee

HOW DID OUR GRADUATES DO?
- 86% of the enrolled students graduated the Program
- 88% of graduates passed the credentialing examination
- 89% of graduates found employment in the field of study or a related field

Center for Allied Health Education complies with the Federal Education Rights and Privacy Act regulations and a report on the completion and graduation rates is available on www.cahe.edu. Students can also request a complete annual campus security report from the administrative office. This report includes statistics for the previous three years concerning reported crimes that occurred on campus in certain off-campus buildings or property owned or controlled by Center for Allied Health Education and on public property within or immediately adjacent to and accessible from the campus. The report further includes institutional policies concerning campus security, such as policies regarding sexual assault and other matters.
ADMISSION REQUIREMENTS
In order to qualify for the program, candidates must:

- Be at least 18 years of age prior to orientation
- Hold a High School Diploma or a High School Equivalency Diploma/GED
- Meet the technical standards of the program which can be viewed at [www.cahe.edu/technicalstandards](http://www.cahe.edu/technicalstandards)

CLINICAL SITES*
Clinical education is an integral part of the Diagnostic Medical Sonography curriculum. Working alongside qualified clinical staff with real patients provides students with the opportunity to develop confidence, become competent in their skills, and accustomed to the healthcare environment they will ultimately seek to work in. Center for Allied Health Education is proud of its strong clinical affiliations, which include major hospitals and clinical sites throughout the NY metropolitan area, including:

*Clinical sites are subject to change.

COLLEGE AFFILIATIONS
Through the strategic partnership with SUNY Empire State College (SUNY ESC), graduates who enter the program without a degree will be awarded an associate degree from SUNY ESC, as well as a certificate from Center for Allied Health Education.

Center for Allied Health Education has agreements in place with St. Francis College and Clarion University of Pennsylvania's online college programs which stipulate that graduates of the Diagnostic Medical Sonography Program will receive credits towards a bachelor's degree from these institutions.
