ABOUT US

Radiographers, or radiologic technologists, have completed special training to produce images of organs, limbs and other parts of the body that doctors then use to diagnose and determine treatment plans for disease and injuries. Careers in radiography have become more and more diverse as the field of radiology has evolved from the discovery of the x-ray to complex and sophisticated scanning methods such as magnetic resonance imaging (MRI). As the technology has expanded, there has been an increasing need for highly trained men and women to fill the varied positions available to radiologic technologists.

CAHE’s Radiography Program is an accredited 74-week program, noted for excellence of its classroom teachers and clinical instructors. Students benefit from a full varied curriculum with both didactic and clinical experience components.

Graduates of the program are qualified to apply to sit for the American Registry of Radiologic Technologists national certification exam, allowing them to receive licensure from the New York State Department of Health (NYSDOH).

FAST FACTS

- ACCREDITED PROGRAM BY ABHES/JRCERT
- HANDS-ON CLINICAL ROTATIONS ACROSS THE NY METROPOLITAN AREA BEGINNING IN 1ST QUARTER
- FINANCIAL AID AVAILABLE FOR THOSE WHO QUALIFY
- 88% of the enrolled students graduated the Program
- 98% of graduates passed the credentialing examination
- 96% of graduates who passed the credentialing examination are employed in the field of study or a related field

As reported to ABHES in the 2017-2018 reporting period

Center for Allied Health Education
1401 Kings Highway | Brooklyn, NY 11229

Center for Allied Health Education complies with the Federal Education Rights and Privacy Act regulations and a report on the completion and graduation rates is available on www.cahe.edu. Students can also request a complete annual campus security report from the administrative office. This report includes statistics for the previous three years concerning reported crimes that occurred on campus in certain off-campus buildings or property owned or controlled by Center for Allied Health Education and on public property within or immediately adjacent to and accessible from the campus. The report further includes institutional policies concerning campus security, such as policies regarding sexual assault and other matters.
APPLICATION PROCESS

Step 1: Apply online at www.cahe.edu/apply
Step 2: Entrance Exam, unless exempt (see www.cahe.edu/faq#admissions for exemption details)
Step 3: Interview with members of the Admissions Committee

ADMISSION REQUIREMENTS

In order to qualify for the program, candidates must:

- Be at least 18 years of age prior to orientation
- Hold a High School Diploma or a High School Equivalency Diploma/GED
- Meet the technical standards of the program which can be viewed at www.cahe.edu/technicalstandards

CLINICAL SITES*

Clinical Education is an integral part of the Radiography Program curriculum. Working alongside qualified clinical staff with real patients provides students with the opportunity to develop confidence, become competent in their skills, and accustomed to the healthcare environment they will ultimately seek to work in. Center for Allied Health Education is proud of its strong clinical affiliations, which include major hospitals and clinical sites throughout the NY metropolitan area, including:

- Coney Island
- Brooklyn Methodist Hospital
- New York Presbyterian
- ProHEALTH Urgent Care
- Mount Sinai Hospital
- St. Francis College
- Clarion University of Pennsylvania
- Zwanger-Pesiri Radiology

*Clinical sites are subject to change.

COLLEGE AFFILIATIONS

Through a strategic partnership with SUNY Empire State College (SUNY ESC), graduates who enter the program without a degree will be awarded an associate degree from SUNY ESC, as well as a certificate from Center for Allied Health Education. Center for Allied Health Education has agreements in place with St. Francis College (Brooklyn, NY) and Clarion University of Pennsylvania’s online college programs which stipulate that graduates of the Radiography Program will receive credits towards a bachelor’s degree from these institutions.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website.
